

Rise Up, Rise Up by Matt Maher

Guitar Capo 4

Order: V1 - C - V2 - C - B - C

Intro: C, G, Em, D

Verse 1:

When you see the road ahead
that you've been down before
When you're half way to no where
and you can't pay the toll

You're hanging onto mercy
withered on the vine
With your feet on the ground,
your head in the clouds
and your heart on the line
Open up your eyes

Chorus:

You've got to rise up (rise up)
when this life has got you down
You've got to look up (look up)
when you search & nothings found
Mine eyes have seen the glory
of the love that's here and now
It's coming down
So rise up now.

Verse 2:

When your told that day is over
long after the sun goes down
And your mind it keeps on racing
at the dreams that don't come 'round
When you don't know how to surrender
'Cause your whole life's been a fight
When the dark holds you
and you can't break through
cause you haven't seen the light.
Open up your eyes...

(chorus)

Bridge:

And all the lambs roar like lions
And all the prisoners breaking their chains
And all the poor find their treasure
Cause heaven is coming this way. (x2)

(chorus)
